**AN IMPUDENT REMARK.**—Twenty-five or thirty years ago Crabbe W—n was a famous card player, and was familiarly known from Bowling Green and King George courthouse to the Blue Ridge by every fellow who indulged in either "bluff," "all fours" or "sweet." On one occasion a game of ten cents ante was proposed at Culpeper Courthouse, Sam C— being one of the party. Crabbe felt that he was bound to win, and was consequently in high glee—repeating frequently, even before the party was seated at table, "I want it, boys, distinctly understood that this is strictly a cash game, for when I play cards even with my best friends, I play for money, and not upon credit. A few hands were played, Crabbe winning small amounts, and every time he drew down the stakes he would continue to remark, "I want it understood that this is strictly a cash game—now, no credit, mind you." Several of the party who were losers would petulantly reply, "of course it is a cash game—who in the devil said anything about credit." The game went on, however, and fortune changed, Crabbe losing all his stake and falling in debt some \$25 or \$30. This being the condition of things when it finally closed, Crabbe got up and silently moved off without saying a word about settling. Sam C— thereupon called him back, saying, "Crabbe, I thought you said this was a cash game, and here you are the only man going away a day in debt."

Crabbe could only groan, scratching his head. "I know I said it, Sam, but then it was a d—d impudent remark."

**GIANTS.**—[From the Kansas City, Mo., Bulletin.]—The southern portion of Jackson county is enjoying the sensation of a nine days' wonder. They have discovered a family of extraordinary size. From a party of sight seers from this county we learn as follows concerning them:—They arrived in Jackson county about two months ago and took up their abode in the woods. The party found them living in a shanty devoid of windows and without floor. The party were received by a man eight feet and six inches in height, who introduced them to his wife and daughter, the latter, a mere child, not more than twelve years old, and whose proportions were even more remarkable than those of her father. Her name is Rose Plummer, and though not yet in her teens she is larger than the largest of men, standing nearly seven feet high and proportionately large otherwise. Plummer says he came to Missouri last December from Indiana, and is inclined to think he has made a mistake in his vocation, and proposes to abandon farming and take his girl and start out in a show this spring. He says his fortune is made "if Rose don't quit growing."—The mother of the girl is not more than the ordinary size, and seems to wonder at the curiosity manifested by sight seers.

**THE HEBREWS.**—A writer in the Jewish Messenger of New York says:—In times past the Jews have had worthy representatives in Congress in the persons of the Hon. Henry M. Phillips, of Philadelphia, the well-known and able lawyer, and the benevolent-hearted gentleman, the Hon. Emanuel B. Hart, of New York. Upon our Jewish young men rely for worthy successors of such distinguished lights. Preparing themselves to become statesmen by close study of political economy and acquiring other necessary information. Affiliating with their neighbors, join their social organizations. Have a soul above mere amusement and the "almighty dollar." Deport yourselves as high toned, honorable gentlemen, and be proud to acknowledge yourselves to be Jews.

**LARGE VESSEL.**—We find in a Liverpool paper an account of the launching of the largest vessel ever built on the banks of the Mersey. Indeed, with the exception of the Great Britain, no longer craft floats in any waters of the world. The new ship is the screw steamer Egypt, built for the service of the National Steamship Company between Liverpool and New York. All the vessels of the company's fleet are of great size, but this latest addition is more immense than any of the others. The Egypt is length over all 440 feet, on the loam line 435 feet, beam 44 feet, depth of hold 36 feet, gross measurement 5,150 tons. This enormous vessel will be propelled by engines of nominally 500 horse power, but capable of working up to 2,500 horse power.

**DECISION.**—His Honor, Judge Allen, decided at the last term of our County Court that where a lien of a judgment or of an execution attached prior to January 26th, 1870, the day that the Constitution of Virginia was approved by Congress, the sale of the property could not be interfered with under the homestead law. The judgment in the case before the court was rendered after the 2d day of March, 1867. The 3d section of the homestead law provides that nothing in the act shall be construed to interfere with the sale of property by virtue of any mortgage, deed of trust, pledge, or other security thereon, and it was under this provision that the decision was made.—*Shen. Herald.*

**SHIPPING SHAD.**—The sounds of North Carolina are now alive with these fish, and large quantities are brought to this port, principally for shipment to northern markets. The fish are brought here whole, and by the shippers are packed in barrels with carefully ground ice, by which means they are preserved perfectly sound until they can be placed in the New York market. The fish which are retained for this market bring good prices, and yesterday morning readily commanded \$1 per pair.—*Norfolk Virginian, 25th.*

[Only until the shad begin to come up the Potomac!]

The U. S. navy has 1 admiral, 1 vice admiral, 10 rear admirals, 25 commodores, 50 captains, 90 commanders, 180 lieutenant commanders, 64 lieutenants, 99 masters 169 ensigns, 74 midshipmen, with 29 vessels of all kinds at sea. The total list of active officers of the line and staff is 1,367 officers, not including the 340 midshipmen at the Naval Academy.

A correspondent (Dr. J. M. Hughes) of the Meridian Gazette, furnishes a horror in the shape of an account of a woman being gradually devoured alive by worms. The woman lives in Newton county, Mississippi. The Doctor is treating the case.

**FIRST MORTGAGE LAND GRANT GOLD BONDS**

—OF THE—

**Northern Pacific Railroad Co.**

These bonds are secured, first, by a First Mortgage on the Railroad itself, its rolling stock, and equipments; second, by a First Mortgage on its entire Land Grant, being more than Twenty-Two Thousand Acres of Land to each mile of Road.

The Bonds are free from United States tax; the Principal and Interest are payable in Gold; the Principal at the end of Thirty years, and the Interest Semi-annually, at the rate of SEVEN AND THREE-TENTHS PER CENT. PER ANNUM.

They are issued in denominations of \$100, \$50, \$10, \$5, \$1, and \$0.50.

The Trustees under the Mortgage are Messrs. Jay Cooke, of Philadelphia, and J. Edgar Thomson, President of the Pennsylvania Central Railroad Company.

These Northern Pacific 7-30 Bonds will, at all times before maturity, be receivable at TEN PER CENT. PREMIUM (or 110) in exchange for the Company's lands at their lowest cash price.

In addition to their absolute safety, these Bonds yield an income larger, we believe, than any other first-class security. Persons holding United States 5-20's can, by converting them into Northern Pacifics, increase their yearly income one-third, and still have a perfectly reliable investment.

**HOW TO GET THEM.**—Your nearest Bank or Banker will supply these bonds in any desired amount, and of any needed denomination. Persons wishing to exchange stocks or other bonds for these, can do so with any of our agents, who will allow the highest current price for ALL MARKETABLE securities.

Those living in localities remote from Banks may send money, or other bonds, directly to us by express, and we will send back Northern Pacific bonds at our own risk, and without cost to the investor. For further information, pamphlets, maps, etc., or for addresses of the undersigned, or any of the Banks or Bankers employed to sell this loan.

**NATTAN'S CRYSTAL DISCOVERY.**

The following letters speak for themselves:—

Washington, Nov. 4, 1870.  
Mr. Arthur Nattans: Dear Sir—After a very thorough and impartial trial of your Crystal Discovery for a month, I feel compelled to acknowledge its very great superiority over any other article now in use for the purpose designed—the speedy restoration of the color and growth of the hair, and no one using it according to directions can fail, I am convinced, to attain this much desired result to perfection. The simplicity of the preparation and its entire cleanliness affords a new opportunity to the vast numbers utterly disgusted with the poisonous nostrums in use. Having a large number of my personal acquaintances who use your preparation with equal success, I cordially recommend Crystal Discovery to all persons desiring to use anything of this kind. Very respectfully,  
P. DOYLE, 701 I Street, N. W.

Washington, D. C., July 25, 1870.  
Mr. Arthur Nattans: Dear Sir—It affords me pleasure to say that I have used your Crystal Discovery with perfect success. Having tried many others, I find yours superior to any I have heretofore used, and I cannot too highly recommend it as a rapid promoter of the growth of the hair, and by its applications restoring it to its original color. It is perfectly clean and free from any objectionable matter.  
Very respectfully yours,  
R. W. SILVOY, K. st., bet. 4th and 6th, N. W.

Alexandria, Va., Sept. 10, 1870.  
Mr. Arthur Nattans: Sir—I have great pleasure in testifying to the excellence of your Crystal Discovery for the Hair. My back hair is remarkably long and thick, and became prematurely gray (this being hereditary). In eight days it resumed its natural color, chestnut-brown, coloring every hair. I like your preparation for its purity, pleasant odor, and freedom from all mineral and poisonous substances, as well as its other excellencies. I will recommend it to my acquaintances. Very respectfully, Miss L—

Even the most incredulous must be convinced, by such proofs as the above, from persons well known in Washington. The originals are open to any one wishing to see them.
